KS3 · STATISTICS · CROSSWORD 1

TYPES OF DATA

Write number answers in words, e.g. 6 + 5 → ELEVEN.

ACROSS

2 A 10% sample of 200 students. How many students are in the sample? (6)

7 How many days are there in a week? (5)

9 A tally of one five-bar gate and one more mark (3)

10 A class of 32 pupils. A sample of 8 is chosen. How many are not chosen? (6,4)

11 Data in numbers (12)

12 Data that can only take certain values, like shoe size (8)

DOWN

1 A tally of two five-bar gates (3)

3 40 people were surveyed and 15 said yes. How many said no? (6,4)

4 Data in words, like colours (11)

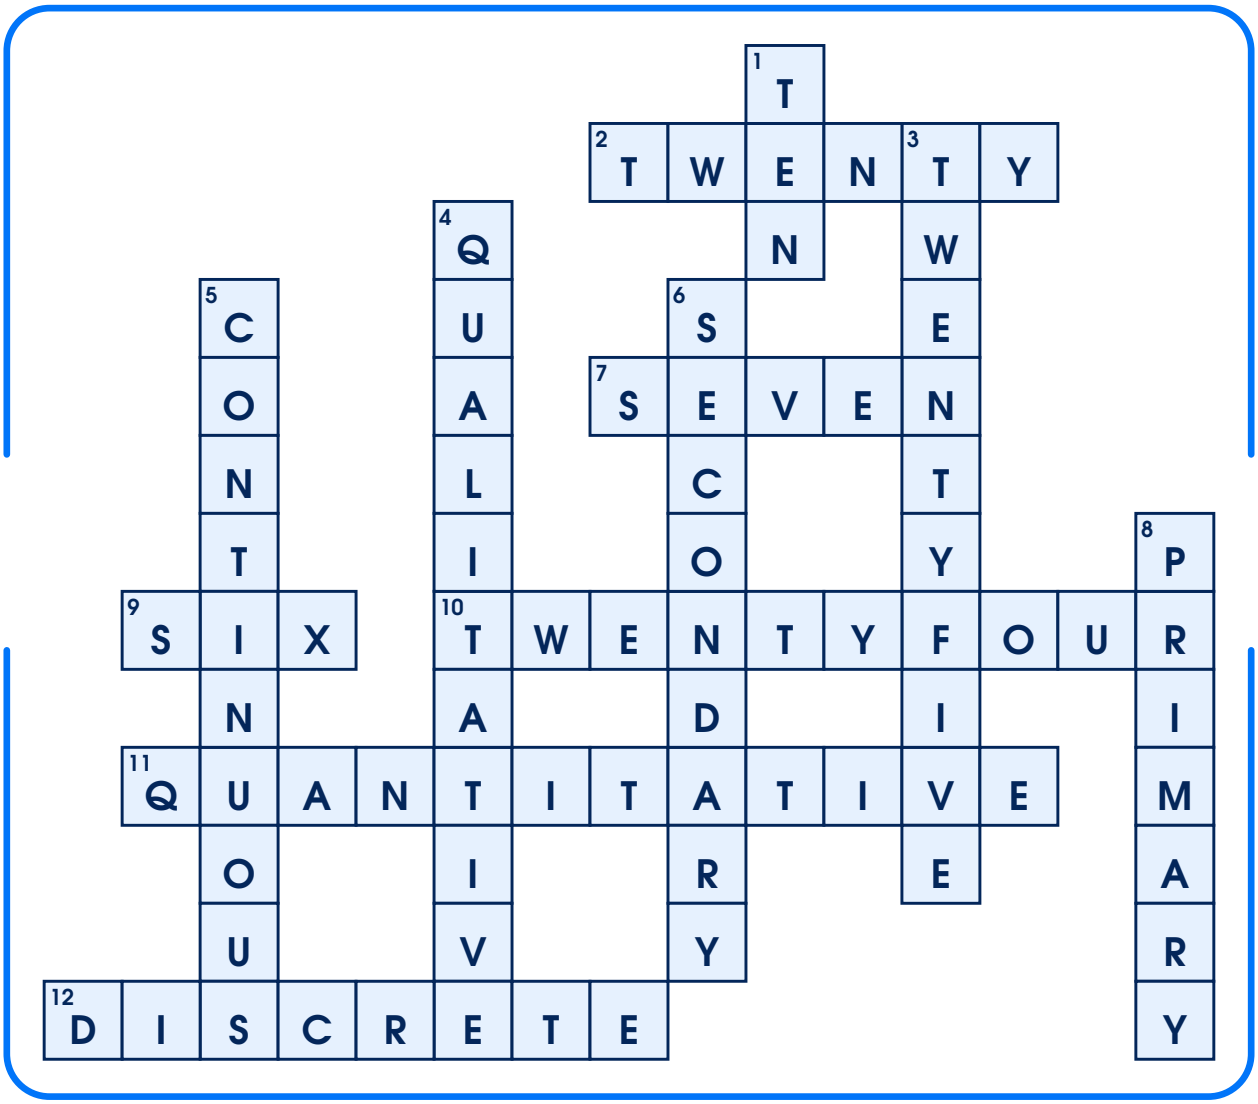

5 Measured data, like height (10)

6 Data collected by someone else (9)

8 Data you collect yourself (7)
